

SUPPLEMENT 3. EGYPTIAN OPERATORS

1. GENERAL

This supplement details specific requirements and agreed between ECAA and Pasha Balloons during Type Acceptance process.

2. LIMITATIONS

Pasha Balloons Flight Manual limitations will never be exceeded. Additionally, the following considerations are introduced:

- VHF communication equipment must be included in safety equipment.
- "Day operations only" will be conducted.

3. EMERGENCY PROCEDURES

No change.

4. STANDARD PROCEDURES

No change.

5. LOADING

No change.

6. SYSTEMS DESCRIPTION

Check applicable relevant manufacturer Maintenance Manual.

7. BALLOON HANDLING, MAINTENANCE AND AIRWORTHINESS

The documents required for the maintenance and airworthiness monitoring of equipments approved for use with Pasha Balloons envelopes must be provided using the current documents published by the equipment manufacturer. These documents are as follows:

- Maintenance Manual, AD, SB, SL & Modifications, Deviations and Exceptions

For components not manufactured by Pasha Balloons, the relevant documentation should be obtained from relevant **manufacturer**.
